ADVISORS

Mrs. Lamb
Mr. Nichols

Bolton Central School
June, 1964

Dear Mrs. Lamb and Mr. Nichols,

We, the Class of 1964, dedicate our yearbook to you in recognition of your invaluable assistance and your unlimited patience with our endless disorganization. Without you, last year's seniors would have gone to Washington, D. C. hungry, and we would have had a record hop instead of a prom. In fact, without you, this yearbook would never have gone to print.

We will miss your prodding and good advice; we will miss both of you and we want you to know how sincerely grateful we really are.

Sincerely yours,

Class of 1964

FABIAN BACKRACH

We dedicate this page to all humanity in the name

Only a few more steps

On September 23, 1963, we, the Class of '64, set out on the most unforgettable trip of our lives. The excitement of that first day will never be entirely forgotten by any of us.

We didn't see much of our destination, the capitol of the nation, that day; but we saw the fields, factories, rivers, and cities of four states. Thus our Washington adventure was one of education and new experiences from the very first.

The next four days we spent visiting the edifices of our government and the awe inspiring monuments erected to the memory of our great leaders. We saw our government in action at both the Senate and the House of Representatives. We met our congressman, Carlton King, who made us feel the importance each person in the United States has as a voter or a potential voter in this truly democratic nation.

The Class of '64 extends its gratitude to the Board of Education and to every person in the Town of Bolton for granting us the opportunity to broaden our view and knowledge of this great nation in which we are so fortunate to live.
