TO: Mr. Roberts and Mrs. DeHoney
The class of 1982 would like to thank you for your guidance and extreme patience. You have helped us in the past to grow and reach our goals. Although we weren't very organized we did get some things accomplished and your temper never reached the breaking point, even though it should have. The help you gave us through the years was invaluable, we will never forget you, and we're sure you'll never forget us.

## DEDICATION

We the seniors of Bolton Central School wish to dedicate this yearbook and all the memories included in it to Mr. Herman Steidinger and Mrs. Betty French.
They served our school and its students for many faithful years and their memory will stay with us forever.
We send them away with our prayers, great sorrow and all of our love.

BASEBALL

The baseball team had a fair year in Marcy conference action. Mr. Muscatello, with a worried look on his face, always had to contend with bad hitting. The softball team took second place with a record of 5-3. They went to sectionals, but we were defeated by a strong Willsboro team.

The Boys' soccer team finished with a league record of 5-4-1 and advanced to sectionals where they beat Willsboro by a score of 5-1. In the semi ey they lost to a quick Chazy team 6-2. The girls had a tough rebuilding year going $0-9$. They look forward to next year with more experience.

## PROPHECY

As we approach the small town of Bolton Landing, it is the year 2002. The class of 1982 is holding their twentieth year reunion. The town hasn't changed much, the Mini Golf is still there and from what we've heard Dino has moved up in the world, he now owns two arcades and another mini golf in Lake George. The park looks the same as the Murphs along with Shelly, AI, Scott, Jackie, Steve and Darlene attempt to drain their eighteenth birthday keg. House of Scotts was doing a good business with Keith as the proprietor and the newly bought Market Place was competing for business. Randy, you sure got yourself into a battle this time! As we turned the corner at the red light we saw the Exxon station lighted brightly. Outside were Bill and Jim getting ready to go to the reunion.

The school hasn't changed much, except that the cafeteria serves the best food with Lisa, Lori, Tammy and Jeff leading the staff. We had first hand info from Kathy D., who is the new head librarian.

As we walked into the cafeteria, there Ken stood on the table showing off his bulges and newly won Mr. Universe Trophy. Ottmar, movie and newspaper critic, was also there commenting on Marshall's comic strip entitled "Life in Bolton Landing."

Dave and Pam were providing music with Ruby as lead vocalist and Tina as back up. All of a sudden there was a loud noise which did not come from the band and, when we looked outside there was Kathy G. climbing out of her tank and Joe ready for action in his blue suit. In behind them walks Kellie who has just returned from the pro golf circuit, where Mr. D. has just won the Miller Open. And then in stroll Sheryl and Dennis on their bikes returning from a cross-country bike tour. George was rapidly talking about his new nuclear physics program and along with him, believe it or not, is Karyn, making sure everything goes perfectly, and still insisting she has gone nowhere in life. Shelia could not attend because of her busy hardware store and inability to find a babysitter for 25 year old Alyson.

As the party dwindles down, outside we find Veronica, recent coach of the year 2000 Olympics All-star Team, getting together a softball game. We hope everyone had fun and we wish them good luck in the future!

## Congratulations To: Tina and Her Classmates

Hello, Mother dear, are you feeling queer? Now that your child is leaving her home? Is she acting unpretty, in fact downright gritty because she wants to be out on her own? Don't worry, don't fret, and please don't forget that all one's children must leave the nest. Now she's acting rotten, but that will soon be forgotten when she's learned how to fly along with the rest. So don't worry, don't fear, your sweet little dear is trying her best to become a woman. Let her alone, she's got to leave home. It's all just part of Nature's plan. These tough days won't last, they quickly will pass, It's hard when a young one is learning to fly. And she'll be your friend in the future; till then, hate that grey? Wash it away and try not to cry.

With Love, Mom, Tim, and Animals
