A Friend Is Someone Who Cares About  
Your Thoughts And Feelings, Helps You  
When You Need It The Most And Enjoys  
Sharing Your Happiness And Sorrow.  
Mr. Curri—A True Friend.

Nowhere does a man retire with more quiet or freedom than into his own soul.  
Nothing can so poignantly evoke the flavor of the receding past as some remembered tune, some melody that has caught up and woven into its own unconscious fabric the very color and fragrance gone by.

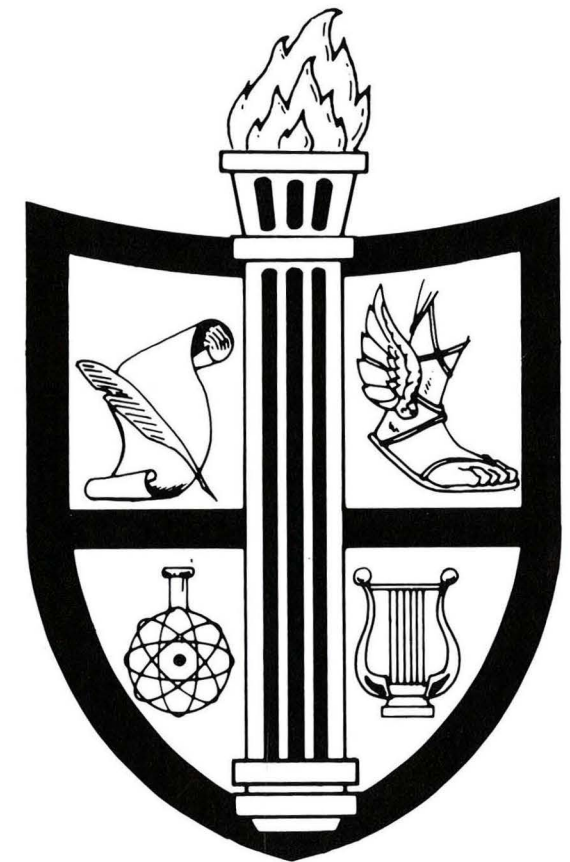

Everything science has taught me—and continues to teach me—strengthens my belief in the continuity of our spiritual existence after death.  
Nothing disappears without a trace...

In memory of...  
Mrs. Marcia Bromley; Mr. Baird Maranville; Mr. & Mrs. Kenneth Peters; Mr. Joe Smith

CLASS OF 1984

## CLASS OF 1984—Prophecy—Prophecy—

It's 1999 and the class of 1984 is heading for Japan to visit Prime Minister Raymond Detrick. We're having our 10th year reunion which is 5 years late due to lack of interest.

We all begin boarding Dan's multi-million dollar air craft, his latest investment after purchasing the Sergio Valente' Co. now known as Dan Towers Inc. John decides to hang back and wait in his personal helicopter for Mark C. who is inevitably late because he overslept. Our pilot is Craig who has resorted to air flight because the police can't pick him up on radar.

As we look over the crowd we find Sam, owner and operator of a night club for "Ladies Only", discussing the contract plans for Julia's band "The Panachettes" to play at her loft party, but Julia isn't sure if she can make the appointment due to a "save the whales" convention. Rick is telling Seth about his 5 year trip to King's Island in search of Bob Marley's roots, while Seth is still practicing to win the gold at the World Hacky Sack Competition.

Dawn and Dawn are walking up and down the aisles modeling Eileen's new line of sportswear sponsored by "Eileen's".

## Prophecy—Prophecy—CLASS OF 1984

Julie Stemler has just retired as the world's first women NBA player.

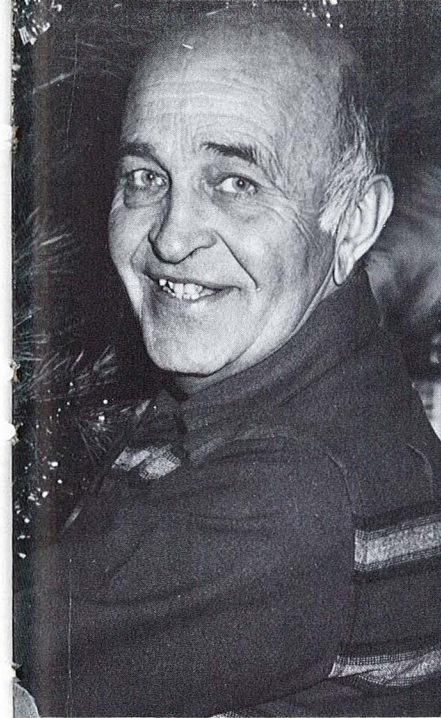

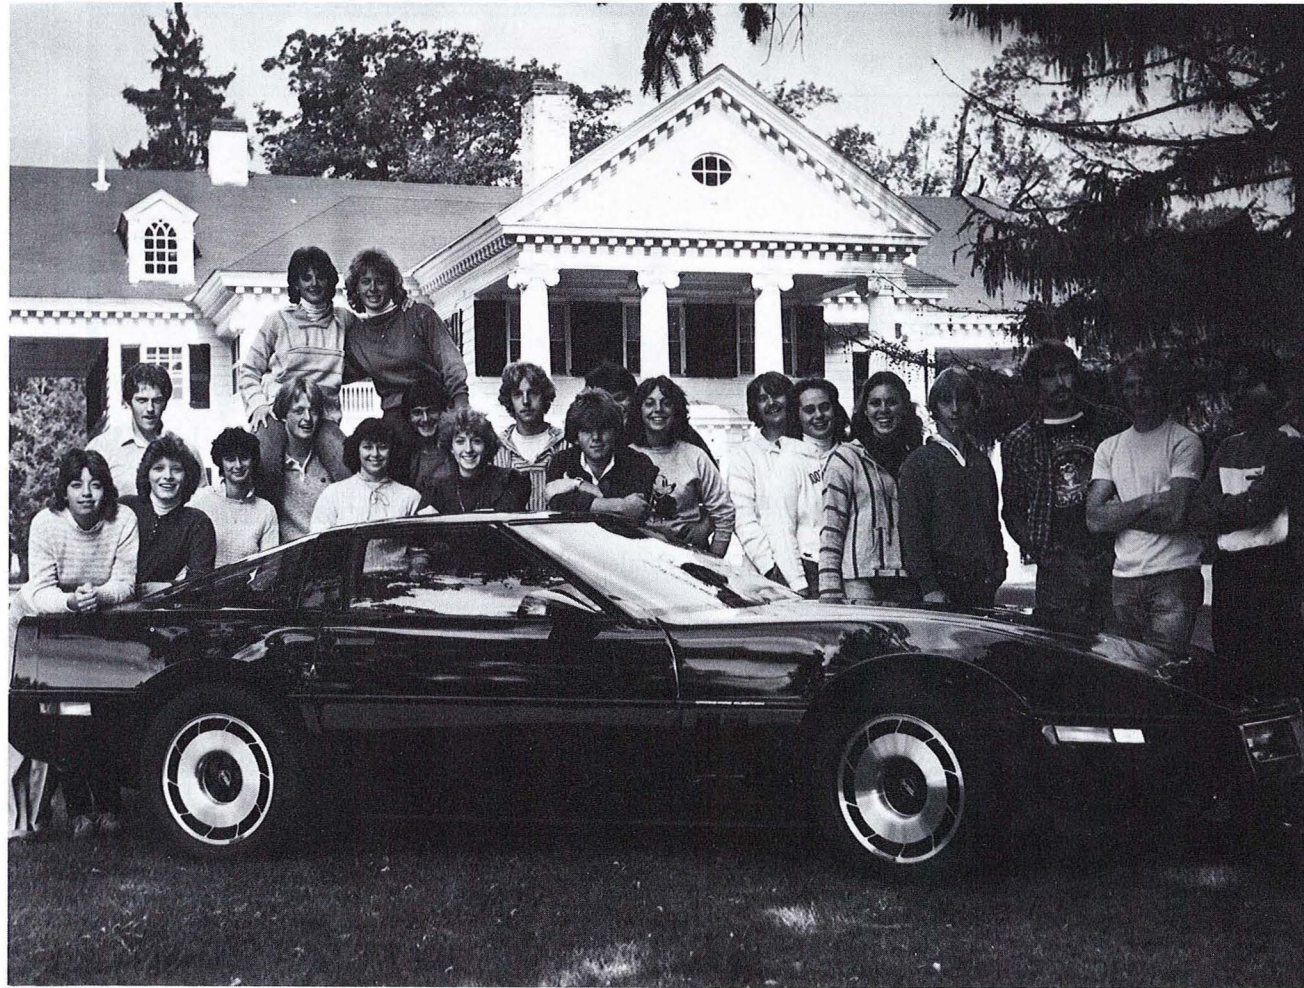

Kevin and Mark K. are in the corner discussing communist plans to overthrow Sagamore Island. Obviously they gave up their goals of the 3rd world nation.

As we move to the next section of the plane we find Onalee helping Mike study for his bar exam in law enforcement. Frank is sitting with Dave discussing last week's hunting excursion in the Southern Tier, while Dave is insisting that it's Frank's fault the 10 point buck got away. Patrice is in hysterics worrying about the kids and whether or not she unplugged the iron. She and Anne Marie are discussing Ann's latest victory in the Boston Marathon. Finally, as the class is seated and preparing for landing Ted (Mr. Legs) stands up and begins showing off his world famous legs.

After landing and greeting Ray we see John and Mark landing nearby and we all come to the conclusion that this is the first class function we've all attended . . . It's about time!!!!
