# INTRODUCTION

Today, magazines inform us of current and past events. They keep us in touch with our surroundings. Going through school is like flipping through a magazine: you take it one step at a time. In this yearbook, we have selected a magazine title to represent each section.

The faculty at B.C.S. is our model of *Leadership*. Seniors everywhere represent *The Changing Times in America*. Underclassmen give many significant contributions while in *Midstream*. Our time in elementary is probably the most fun and is an important part of *Child Life*. Sports are a major part of our extracurricular activities which can be represented by *Sports Illustrated*. Activities at B.C.S. show our fun side in *Festivals*. We also would like to thank the people who helped to support our yearbook, we consider them our *Money Makers*.

In a year when much was given,  
 Much was taken too,  
 So we who pause and give our thanks  
 For what now is,  
 Think, too, of what once was,  
 And are grateful for the threads of lives  
 gone by,  
 Threads that enrich the fabric  
 Of this, the life we know.

ANITA LEE HENKEL was an active member in our PTSA association. Remembered with love from, Erica

JAMES ROSS was a member of the Board of Education for 25 years and a Town Justice for 32 years.

Lorraine O'Connor

Ms. O'Connor has been at Bolton Central for 12 years. She was our junior high math teacher, a class advisor for various fund raising activities and assisted us in preparing for our Junior Prom. She has influenced our lives outside the classroom by coaching girl's soccer and basketball. We would like to think that we have learned from each other on our many years together. Most important of all, she has been our friend.

## SENIOR DEDICATION

We would also like to dedicate this year-book to Thomas Colgrove. Tommy was a classmate and friend to many, until a tragic fire in 1979 took his life. He was an active part of our community. Tommy helped out when needed, by mowing lawns and shoveling snow. He has been dearly missed and loved by his classmates and friends.

Thomas Colgrove

**Mrs. Kluck** for introducing us to the world of computers and for patiently answering all our questions.

**Mr. Snyder** for safely transporting us to and from all of our sports events and supporting our teams.

**Mrs. DeHoney** for all her help and hard work that made this book possible.

## The Class of 1988

Thursday, October 8, 1987 officially marked Senior Beach day. It was very cold, and it even rained. Although we never made it in the water, we had a lot of fun. People gave us strange looks, (thought we were crazy) but we just laughed. This is a day we will all remember.

**Beach Day  
in October!**

**For Just A Moment**

By: David Foster

*We laughed  
Until We had to cry,  
And we loved right down to our last goodbye,*

*We were the best  
I think we'll ever be,  
Just you and me  
For just a moment*

*We chased  
That dream we never found  
Sometimes, we let one another down  
But the love we made  
Made everything alright  
We shone so bright  
For just a moment*

*Time goes on  
People touch and they're gone  
And you and I will never love again  
Like we did then*

*Someday When we both reminisce  
We'll both say, there wasn't too much we  
Missed  
And through the tears, we'll smile when  
We recall, we had it all,  
For Just A Moment*

*Time goes on, People touch, and then they're Gone,  
But you and I,  
We'll never really  
End, we'll never love again, like we did  
Then . . .*

*We laughed  
Until we had to cry  
And we loved right down to our last goodbye*

## On December 31, 1999, the Class of 1988 gathers to bring in the new century.

The party takes place at the Pinnacle, which Dale has purchased and renovated into a huge mountain retreat. Opie has driven by 4 or 5 times in his new 2000 Chevy that his parents bought for him. Painted on the side are the words "The Portable Taz Pad." Morgen and Dan arrive soon after in the new and improved Hogger. Dan pulls their children quickly "out of way" as George crashes onto the scene in his new skidder — obviously.

Opie finally stops and brings Wes up the hill with him. Once again, Wes sustained serious injury when Mr. D's baseball accidentally hit him, instead of the duck.

Entertainment is provided by, who else, but Mort. He finally found some Exchangers and has hit the big time with the help of Beth's great management skills. Chrystann also adds to the entertainment with her lion act which she has picked up in her spare time as the personal vet of the Ringling Bros. Circus.

Harry is giving away some of his famous tie-dyes which he is now mass-producing and has made a fortune. Matt recently caused an uproar when he wore one of those tie-dyes to his televised Congressional speech on Mandatory Dress-Codes.

Merri, the once famous pianist arrives with her up-town Manhattan psychologist, Nikki. Merri is undergoing treatment for severe depression after her diagnosis of allergy to chocolate. Also from up-town Manhattan are Erica and Chris. Erica has established herself as one of the top designer of men's new-wave underwear and Chris is her top (or shall we say, "bottom") representative.

Amy arrives with her Boston Celtics teammates after a rough game against the Lakers. She scored the winning points in over-time with a break-away slam-dunk. Lisa flies in from the Dallas Cowboys game where she is captain of the cheerleading squad. She led the crowd in the longest lasting wave ever.

April provided the catering from one of her 10 area McDonalds, where the hamburger has been replaced by the fishburger. Wendy provides the dessert from her bakery, that specializes in whipped-cream pies.

Deanna isn't even out of breath as she rides up the hill on her touring bike. She has since improved her bicycling skills and won the 1999 Toure de France. Jody has become very proficient with explosives and is now a demolition expert with the Lybian government. Much to her surprise, we find that Michele really does have a voice and is now the most popular DJ in Bolton's metropolitan area.

Roberta plans to review this major social event in the society column of her popular magazine, BEVERLY HILLS TODAY. She says that the article will appear right next to her review of the Tina Turner and comedian Jim Lanning Charity Tour. It was difficult for him to get away as he is the owner of 100 Stewart stores.

Jen recently won the Beverly Hills Design Award for successfully styling the hair of 100 celebrities in 24 hours. Tina and Jim would never go on a tour without her.

Nancy informs us that she loves her job as the secretarial manager for ALABAMA and even makes appearances as guest back-up singer when she can spare the time. Georgie arrived in a bus, full of children from her exclusive day care center. She had agreed to pick up Dan's children after the Hogger incident.

Lynn, an executive secretary, was busy taking notes in her expert shorthand so that she could send out a newsletter reviewing the day's events. Deanne and Darcy show up a little late again, but their excuse was a good one this time. They are both preparing their own softball teams for the national championship, against each other.

Debbie, the owner of a new helicopter, decided to put it to good use by going to find Shane who has been reported as M.I.A. somewhere in Southeast Asia.

The party is just starting to get going when we hear Nancy announce she hears something like a helicopter in the distance. Loudly, as usual, we hear Merri yell, "I SEE IT!" and the rest is history.

You've been one to keep us laughing since you were a kid,  
One to make us proud of you in everything you did,  
One to pitch right in and help, One to make us smile,  
One to keep us on our toes once in everywhile.  
One to tease and horse around, One to give and share,  
One to spring surprises, and one to really care.  
You're a terrific daughter and sister — it's true.  
That's just one more reason, We love you like we do.
