## ... All Together Now!

Coming back to school in **September '91** was certainly a mixed bag, with lots of changes and things to adjust to. There were two new administrators, Superintendent **Dr. Richard Grimm** and Assistant Principal **Mr. Frank McKinney**. Also, there were two exchange students, **Elsa Godon** from France and **Sada Ishizaki** from Japan.

But because of the defeat of our school's budget, we had no Soccer, no Field Trips, no Transportation and no Cafeteria. We all tried to make the best of it. Talk, the noise of lockers opening and closing, seeing friends and the bustle in the hall all contributed! Not to mention lots of homework! Soon we were busy and working hard and the lazy days of summer were

just a memory.

The Yearbook Staff was working hard too. Conflicts, worries and discussions ... it was not always easy to agree **all together**. It became easier as the year moved forward. The separate programs did pass in a later vote. Sports teams were constituted and games followed without interruption. Field trips were organized. Grades 6, 9, 10, 11 and 12 went to N.Y.C. for a day. We had a great time in the Big Apple visiting the New York Stock Exchange, United Nations, the Metropolitan Museum Of Art and Rockefeller Center! And many Seniors began to be accepted into colleges and or trade Schools of their choice.

As we were busy in school, the World

was changing too. Apartheid had broken up. The Soviet Union had weathered a Coup only to be finally dismantled in December. Eastern Europe was free. In the United States **Michael Landon** of "Little House" had passed away from cancer. **Dr. Seuss**, the children's book author passed away, too. **President Bush** agreed that we were in a recession. Then there was **Anita Hill** and **William Kennedy Smith**. The New Year was brought in with the anticipation of the **Olympic Games in Albertville France** (winter) and **Madrid, Spain** (summer). Yes, it certainly was a mixed bag for us and for all of America! And it is with confidence that we say we can get through anything if we are **all together now!**

# 1992 BOLTONIAN

## Bolton Central School Bolton Landing, N.Y.

*Putting together a Yearbook is no small undertaking. It requires many hours of fund-raising, planning, layouts, typing and art design.*

*A Yearbook staff member must be willing to work hard, not with his or her own personal interests in mind, but for the good of the school and all its members at heart. Compromise and flexibility mixed with insight, dedication and follow through have built the 1992 Yearbook.*

*A very special thanks to this year's Yearbook staff, Tamara, Shelley, Amanda, Andrea, Elsa, Aimee, Erin, Alexis, Skye, Stell,*

*Jamie and Jane, and to all those individuals not mentioned here who have in some way played a role in the production of this Book.*

*Erin and Elsa did most of the typing. Mrs. Hendricks helped too! Alexis gathered information, typed, added to the art ideas, wrote the prophecy (with help) and much more! Thank you Alexis, for your enthusiasm and hard work, you were always willing to do that little extra. Andrea designed the cover and was responsible for many of the art ideas on the inside pages. Jane and Jamie did much of the work on the senior section! Their ideas represent an innovative approach in*

*presenting the Senior Class of 1992. Also, Jane and Jamie gathered and sorted and developed many of the ideas contained on the following pages. They were both a very big help to me. Stel gathered photos for the candid pages! Aimee did much of the writing and helped developed the sports section. And finally, thank you to Mr. and Mrs. Edwards for the photography and to Ms. Amy Devine, our Taylor representative, for her guidance and hard work in the production of the 1992 Boltonian, ALL TOGETHER NOW!*

*Ms. S. Hoffer  
Yearbook Advisor*

The year is 2012 and the class of '92 is having their 20th year reunion. This year the festivities are being held at the site of our Junior Prom — The Fort William Henry. The first to arrive is **Skye**. She flew in from Alcatraz (which has been reopened) where she is a behavioral scientist. She is slowly checking out the buffet table for the night's meal. Next to arrive are **Amanda, Andrea, Jane,** and **Jamie**. They all flew into N.Y.C. and then to here on Jamie's private jet. **Amanda**, still unsure as to what she wants to do, is now taking courses at the local college. **Andrea** is unmarried and is an aerobic and dance instructor at her own place — Andrea's Work Out World. **Jamie** is a multimillionaire and is the owner of an advertising agency. **Jane** has been working for Jamie, since he opened, as his financial manager. **Stel** arrives after them. She came in from the premier of her new movie, accompanying her is her co-star and fiancé Julian Sands. **Duffy** is right behind them! We're amazed that Duffy could get time off from the tour he's on, Duff has been playing the guitar with the Dead for ten years now. **Elsa** rushes in after them, "Am I late? Am I late?" She had caught the last flight to the States from France where she is a world-famous photographer. **Tim** and **Dave** arrive together also. They're still talking about old times. Dave is now the starting catcher for the Cleveland Indians and has won the MVP award for his fourth year in a row. **Tim** was a quarterback for the Gi-

ants but he had to retire early due to a knee injury! He is still involved in sports though as NBC's top sportscaster. A "white stretch limo" is the big surprise of the evening. As it pulls up and the people get out we realize that we're being honored with the presence of Madame President and her husband **Jeff Lyon**. **Erin** and **Missy** are both now top-notch secretaries at one of the best law firms in Chicago. **Erin** is also married and has two kids. How she does it we'll never know! **Aimee** finally arrives. She is part of the evening's entertainment. Not only is she a concert pianist but, she also is flutist for the Boston Symphony. The other part of the entertainment arrives and as you probably guessed it's **Paul** with his band **Problem Child**. They finally got it together and now have five gold albums! **Alexis** arrives unusually late. She's working on an assignment for Rolling Stone magazine and managed to get time off. **Tamara** arrives in her brand new truck which she has driven down from Vermont, where she is a dairy farmer and part owner of **Ben and Jerry's Ice Cream**. In her spare time she teaches High School Seniors how to milk cows. Finally **Shelley** arrives. She is a famous child psychologist always busy with troubled children but, she too also managed to get time off. The party was in full swing and lasted to all hours of the morning! It was great seeing our old friends again and we hope to see each other again in another 20 years!

Never lose your sense of humor, it truly fits you! Thanks for being a great friend. To **Amanda**: Astro, George, "The Pointless Sisters," Myrtle Beach "Hey Jams Cres," to someday go into practice — with Opie constructing our office and Karl managing it, long-long-long Volleyball talks on the bus, the birthday party that I had when you broke almost everything in my house, the Birthday Party that you had where Andrea almost burned down your house, a flying barrette in Physics, "MARTHA," Law Day with Mr. Roberts — mobile, good luck with whatever you choose to do, maybe we'll be partners someday. mom a break! To **Joseph**: My baby Koey, my Jofus, my favorite cleaner, you're a great person and brother, be good and study hard!! You'll have to come for a visit at college! To **Anna** and **Derry**: Well, what can I say? You've done so much for me through the years. How can I possibly put in a few lines all that you've put into my life the last 17 years? I always knew that I had a place to go to and people to talk to; thanks to you. Throughout the years we have all had our likes and dislikes, and there have been many times we haven't gotten along. Yet our varied interests have affected our outlook on life, and shown us that there is much to be learned from individual experiences. Though we often disagree, we have gained a lot from each other in many aspects of life. Though our differences have often threatened to separate us, as in the reflection of the picture you see above, we are **ALL TOGETHER NOW!**

## HOLD FAST YOUR DREAMS

*Louise Driscoll*

Within your heart  
Keep one still, secret spot  
Where dreams may go,  
And sheltered so,  
May thrive and grow —  
Where doubt and fear are not.  
Oh, keep a place apart  
Within your heart,  
For little dreams to go.

## ME I AM!

I am the only ME I AM  
who qualifies as me;  
no ME I AM has been before,  
and none will ever be.

No other ME I AM can feel  
the feelings I've within;  
no other ME I AM can fit  
precisely in my skin.

There is no other ME I AM  
who thinks the thoughts I do;  
the world contains one ME I  
AM,  
there is no room for two.

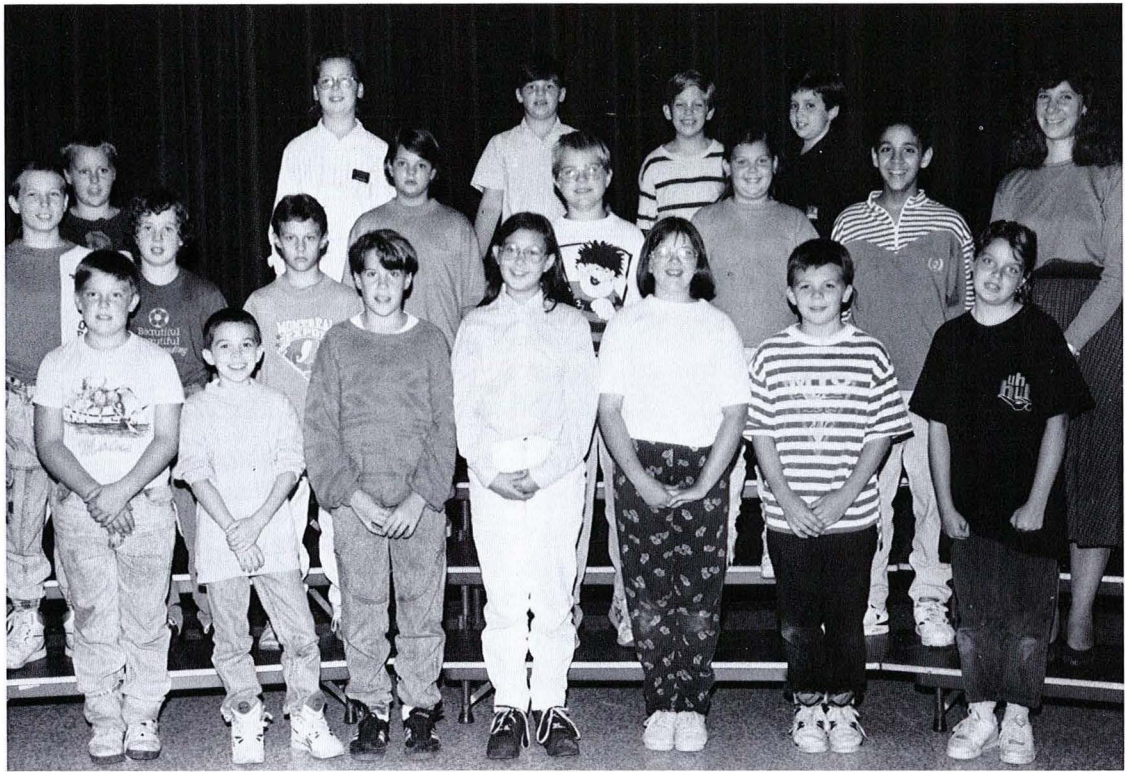

I am the only ME I AM  
this earth shall ever see;  
that ME I AM I always am  
is no one else but ME!

Dear Class of 1992.

This has been a most interesting year — my first at Bolton Central and your last. It has given me the opportunity to know an exceptionally fine group of young people, the Class of 1992. Energetic, independent, caring, enthusiastic, thoughtful, supportive, ambitious and challenging — Stell, Tim, Alexis, David, Amanda, Jeff, Tamara, Skye, Missy, Duffy, Shelley, Erin, Paul, Else, Jamie, Dave, Aimee, Andrea, Jane — all your creativity and iconoclasm kept me wondering from month to month what was going to come next. From an ingenious Senior Room to planning a trip to Bermuda, life was never dull with you around.

The Senior Class was very much like a close knit family and I felt privileged to be a small part of it. As with most families you had your good times and your bad; your trials and tribulations. But you took all these in stride and learned important lessons from them; you grew both closer and stronger. The caring support that you provide one another is an asset that should not allowed to fade in future years.

The world now has an endless amount of opportunities to offer. I hope that each of you leave BCS with a firm personal commitment to take advantage of those opportunities, to continue learning and growing, to keep on displaying the zest for life that is so characteristic of you all. I know the world will be a better place after the Bolton Central Class of 1992 has had a chance to lend a hand.

With best wishes for success,

Dr. Richard C. Grimm

### Just Me

Nobody sees what I can see,  
 For back of my eyes there is only me.  
 And nobody knows how my thoughts begin,  
 For there's only myself inside my skin.  
 Isn't it strange how everyone owns  
 Just enough skin to cover his bones?  
 My father's would be too big to fit —  
 I'd be all wrinkled inside of it.  
 And my baby brother's is much too small —  
 It just wouldn't cover me up at all.  
 But I feel just right in the skin I wear,  
 And there's nobody like me anywhere.

## Clean Conference Sweep Again!!

(Above) Firing his fastball during warmups, Post Star Second Team and Marcy Conference All Star **Jesse Malone** prepares to strikeout one of his 84 victims during the season.

(Right) Unleashing a throw from shortstop to home, Marcy Conference All Star **Dave Guyett** prevents another run from scoring.

The 1991 campaign highlights a string of three consecutive conference titles, the last two being undefeated league crowns. Seniors **Tim Steele** and **Dave Guyett** played integral roles in each of these seasons, compiling a league record of 25-1 and an overall 36-5 during this three year span. A hard fought sectional semifinal loss to a much larger Tupper Lake team ended a superb season, but did not put a damper on an otherwise very successful season.

3 CONSECUTIVE CONFERENCE TITLES

**C**oach **Jim Donahue's** 1992 repeat **Undefeated Conference Champion** Bolton Eagles featured a combination of outstanding pitching, timely hitting, and stellar defense. Offensively, the team was led by Marcy Conference All-Stars **Jamie Curtis** (batting average champ), **David Guyett**, (slugging percentage leader), and **Jesse Malone** (on base percentage winner). The pitching staff was anchored by **Jesse Malone**, the team leader in Wins, ERA, and K's.

Quality performances were turned in by **Duffy Blanchard** and relief man **Bobby Morehouse**. The team defense proved impenetrable, led by **Tim Steele** at first base, holding league opponents to a total of 6 runs while plating 81 tallies against league rivals.
