BOLTONIAN 1994

Together we stand

Together We Stand The Class of 1994 through the world's turmoil! Bill Clinton, the first Democratic President in twelve years, was elected to office last November. With help from his wife, Hilary, a much needed Health Care Plan was introduced in Congress. Congress passed the NAFTA Trade Agreement; also at the White House, under Clinton's watchful eye, Israel and the PLO signed a historic peace agreement.

On the other side of the world South Africa was granted free elections. Perhaps Nelson Mandela will be their first black president! And while many changes were taking place in South Africa, President Yeltsin again won a battle with the Communist Party after forcefully taking back the Parliament building in Russia. Parliament's members lost many lives.

Many tragedies have occurred, leaving us with losses in the sports and entertainment fields. The deaths of Frank Zappa, Don Ameche, Raymond Burr, River Phoenix, Bill Bixby — "The Hulk" and Vincent Price crushed the hearts of many. The murder of James Jordan led to the early retirement of his son, super athlete Michael Jordan. Shocking many, "Solomon Grundy," a terrible villain killed our country's greatest hero, **Superman!**

There were new found loves as well as broken hearts in the last 12 months. Julia Roberts and Lyle Lovett married shortly after a six week romance. A baby daughter, Tiffany, was born earlier this year to Donald Trump and Marla Maples. Johnny Carson ended his love affair with the **Tonight Show**; Jay Leno took over! Viewers can now fall in love with D. Letterman all over again at a new time on a different network. Finally, TV viewers bid farewell to old friends at **Cheers** as their last episode was aired.

The news continually reports instances of social

concern. Joey Buttafuco finally admitted to an affair with sixteen year old Amy Fisher. Woody Allen was acquitted of sexual inappropriateness with his children; Michael Jackson is involved in litigation involving abuse.

The Rodney King trial has finally reached closure. Lorence Powell and Stacy Coon were found guilty. Reginald Denny's attackers, Damien Williams and Henry Watson were found guilty of minor charges.

The question of the legality of abortion is still vehemently debated daily. There continues to be instances of violence at Clinics. Tragically, one doctor was killed. Earlier this year, Sarah Wood disappeared. She is still missing today at this writing. During this period 93-94, Governments have fallen, laws have been challenged and changed and many people have experienced losses and gains in their personal lives. At BCS there were changes too! Our budget was passed uncontested! Our new league, The Mountain Valley, brought fresh challenges and new athletes to meet. Twenty-four Band and Chorus students attended All-County! Last May, the High School Chorus and Art Club students took a trip to Boston to see the musical play "Nunsense." In October, grades 7-12 traveled to New York to see "Phantom of the Opera" on Broadway. A great time was had by all who went to Spain, France and Italy in February '94. The 75th Anniversary of our Fire company was celebrated with a wonderful parade and ceremony.

Ten years from now, when we gather for our class reunion, we will be able to look back and reflect on our individual and collective strength as "through it all" as we Stood Together.

P.S. Congratulations to the **Toronto Blue Jays** for their second consecutive World Series win!

A very special thanks goes to the Yearbook Staff for the 1994 Boltonian! Betheany, Jennifer, Jackie, Nicole, Dawn, Caren, Jennifer, Alison and Michele have worked very long hours typing, designing, organizing, collecting and selling to build a book that is truly representative of their past twelve years and also the school year 1994!

I commend these students for their diligence, creative spirit, hard work, flexibility and ability to negotiate and compromise with each other with maturity far beyond their years! In their struggle to **Stand Together** this very special class has given us their one final gift, their treasured memories, our **1994 Boltonian**.

Dear Class of 1994,

Spring is here, the end of this school year is in sight, graduation is just around the corner, and, for the members of the Class of 1994, your thirteen year stint at Bolton Central is about to reach a triumphant conclusion. My sincere congratulations to each and every one of you for this singular and well deserved achievement.

The awarding of a high school diploma in June is proof that you have satisfied all the academic requirements for that credential. But it means much more than that! Not only does it indicate that you have learned Math, Social Studies, Science and other course work, it also means that you have done countless Art projects, learned French, practiced square dancing and sung up a storm in chorus. It means you have frozen your fingers marching in the Joy Store parade, spent hours on the bus traveling to Wells for a basketball game, have hiked the high peaks or canoed on Lake George.

It means that you have eaten a thousand meals in the cafeteria, traveled to France, Spain, Italy, New York City and Boston. It means you have had good times and bad but persevered through it all. It means that parents and teachers have struggled mightily to push, cajole, support and help you on the way. It means you started in BCS those many years ago as five year old kindergarteners and have studied and grown to become the adults you are today.

Graduation exercises are also called commencement, a word that denotes the beginning of something new. On graduation day, you leave behind the familiar surroundings of BCS and start out on your new lives. Your next passage may be work, marriage, college or the military.

Whatever journey you set forth on, it is the fervent hope of everyone on the Bolton Staff — administrators, teachers, secretaries, custodians, bus drivers, cafeteria workers — that you make the most of opportunities that are open to you and that you succeed at whatever you try. It is now up to you to take advantage of the foundation of learning, love and support that has been given you by your families and by the BCS staff.

I personally, sincerely and deeply wish the very best for each member of the Class of 1994 in the years that lay before you.

Prophecy

It was hard to believe that the antediluvian Bolton School building was still standing. In 1999 the president of the United States, Sean Masterson, commanded that Bolton Central School was to be converted into a "military style" home for the wayward homeless. His military comrade, the distinguished General Scott Roberts, dutifully accepted his role as keeper of the new establishment. Fortunately, the home agreed to employ (or house if necessary) the existing faculty and administration! Thus, security clearance was easily granted, and the twenty year reunion of the Class of 1994 would be held on the grounds of the compound on June 25, 2014.

As contacts were made and the list was checked twice, it became apparent that even the founders of Hair Twirlers Anonymous, Alicia and Carrie, would be able to attend. Although Alicia is now missing some chunks of hair, she still has been an active feminist on the lecture circuit. Carrie, on the other hand, has to wear a shower cap while performing her duties as Sea World's top marine biologist. With the date approaching at a celeritous rate, Mr. McK-inney gladly took down all of the hand rails, ramps, bars on the windows and the port-a-potties that had been affixed to the walls and floors of the gym. He even offered to chaperone (again) at the gala event.

When the glorious day finally arrived, the venerable alumni began to roll into the familiar wharf of Bolton Landing. They were treated to brunch at the MacEwan Hotel and Laundry (formerly the Sagamore) now owned and operated by Jeremie MacEwan, the hairiest of the MacEwan entrepreneurs. The meal was magnificent and masterfully prepared by world renowned chef, John Webster. Most enjoyed the poached quail eggs, but some had to refuse the brunch for lunch platter. Brunch was briefly interrupted when fisticuffs broke out in the main dining room. It seems that Brian Smack, a professional hockey player with the lowly New York Rangers disagreed with Michele French, a physical education teacher at the prestigious Hill School in Pennsylvania, about whether or not students should be held accountable for icing the puck during the floor hockey unit in Michele's class. Michelle Mattison, an overworked ombudsman from Washington, D.C. tried to mediate but to no avail. Both Bolton grads received game misconducts for their roles in the fight.

After the brunch brawl, most retreated to their quarters to primp for the evening. One exception

was Jennifer Koster, an art therapist, who donated her time to work with the residents on the hill. Ms. Hoffer and Mr. St. Germain were especially glad to see her but barely recognized her! As the sun dribbled its last light along the shores of Lake George the night of a lifetime was about to begin in the obsolete Bolton School gym.

First to arrive were the teachers, David, Alison and Jennifer French. Because they were angrily comparing salary schedules they barely noticed Dr. Maranville, who had seductively approached them in his "Chippendale garb." He explained that it was a stress reliever for him and an excuse to stay in shape. Of course Jackie, a Manhattan's nutrition and fitness instructor agreed the dancing was a great aerobic activity and demonstrated some moves from her "Buns of Marble" workout!

As the evening unfolded so did Dawn, a wilderness recreation leader. She hadn't spent this much time indoors since her glory days at BCS and the cement walls and steel outline gave her the yearning to clutch a freshly fallen pine cone. Betheany Younes, a child psychologist sensed her anxiety and rushed to her side with crayolas and creme white paper. Betheany encouraged Dawn to "draw" what she was feeling. This really interested Eugene and Caren who deeply appreciated the formal aspects of her design. Caren, a graphic designer had flown in from Chicago and Eugene, a drafting technician, lived locally. Both were very successful.

The festivities continued and business contacts were made. Angel, a physician at The Warrensburg Health Center and still wearing his class ring, hired Mike Tougaw as his personal computer repair technician. Apparently, the computers were "thrown out of whack" due to the phenomenal number of similar last names that had been recently registered in the computer. Nicole, the C.E.O. at the Civic Center, was kind enough to create an agenda, give directives to her classmates, and check anyone's spread sheet in an effort to analyze their cash flow. The evening would not have been complete without an appearance from Amanda Chapstick. The class was delighted that she was able to take time from her World Class Cup training.

Unfortunately, all good things come to an end. A good time was had by all. Stephanie sang the alma mater as everyone trickled out of the home. Dr. Grimm shook every alumni hand, bidding them a gratuitous trip home, and Jay was kind enough to chauffeur everyone via one of the old, yellow Bolton buses.

To The Class of 1994:

It is always a pleasure to write a letter about a graduating class. However, every once in a while a very special group of seniors comes along. The Class of 1994, to me, is one of those special groups. I have been privileged to observe and share in the transition of this group from screaming immature 7th graders to one of the finest groups of young adults I have ever been associated with.

It will truly sadden me when the moment arrives for the art room residents to depart. Visits to the art room have always been uplifting for me. To be able to confer with Jennifer, Jennifer, Michele, Caren, Dawn, Jackie (treats from Uncle Ray), Nicole, and Betheany. How will I ever get my door decorated? There are so many memories that have become treasures involving this group. The crutches team Carrie, Eugene and Brian. Mike, who before this year spent more time in my office than I did. Alison, who needs her own sign on the guidance office door. Angel, Sean, Owen and Jeremie, who are never seen with hats on. Alicia our own imported hall monitor, along with help from John. Last but not least, Michelle, Mrs. Maranville's right hand, Dave our musical actor and Scott (the first student, I see every morning) you can be my assistant anytime. To all of you, a great big salute!

Each and every one of you have been prepared to go into the world and make us proud. I know each and every one of you will, but if there is ever a time of need, don't ever forget your roots at BCS.

Best Wishes for the Future,

Frandler J. McKinney

Mrs. O'Connor's hobbies include Sailing, Golfing, Cross Country Skiing, Gardening and Baking. She makes great brownies, Rice Krispie treats and chocolate chip cookies for our sports teams! She has taught at Bolton Central for the past nineteen years.

Mrs. Denne's hobbies include Walking, Bicycle Riding and Gardening. She has taught at Bolton Central for the past six years.

Mrs. O'Connor — Where do we begin!? You have been our advisor during all of our High School years and we have accomplished so very much with your guidance! You have “carried us through” Course 1 General Math and Tech. Math, and coached the Bowling Club for the past three years. Your caring attitude and concern was shown to us often by the way you always baked special treats for us when we took those long bus rides after school. We will never forget you!!

Mrs. Denne — Your sweet, kind and caring manner has left an impression on all of us and we will never forget you. We loved your casual but efficient attitude and appreciated the many ways you have “stuck with us” and “pushed us along” in all our growing up.

Best wishes as you await the birth of your first child. Abientot! Nous vous souhaitons le meilleur de tout et nous vous aimons toujours.

ery Special Thanks

Mrs. Southwick has taught all Intermediate Elementary grade levels at Bolton Central School for over 30 years! Not only has she taught our brothers and sisters, she has also taught our parents! What we remember most about her, is the way she brought other cultures, societies, and "worlds" into the Classroom! We made "eggdrop" soup and wore Kimonos for Chinese "day"; there were delicious Thanksgiving banquets for Pilgrim students; and who could forget the many Museum trips to study the history of Bolton and New York.

Mrs. Southwick decided to retire for the Fall of 1993. We know her many home interests will keep her busy! She loves to read, enjoys the outdoors, rides motorcycles and trains Newfoundland dogs.

We will miss you **Mrs. Southwick!**

The Class of '94

Mr. McKinney — We have come a long way and always with your support! You were a great Basketball coach and keyboard teacher. You chaperoned our Prom and our trips, always with a smile on your face. We will miss your visits to our Art Classes. Remember, "jocks" **can** draw! Thank you for the many words of support and encouragement, for always being there, and for watching over us! We would also like to thank Mrs. McKinney for coming to our most important events. We will miss you and always remember you both!

Ms. Hoffer — Thank you so much for your sincere enthusiasm and dedication as you helped us strive for our artistic, intellectual and personal goals in art class, our lives, and on this Yearbook! We wish we could bring you with us through life but instead we will carry what you have taught us close to our hearts.

Spotlight on Softball

... selections from highlights through the years!

Bolton's softball dynasty rolls on

By **Tim Reynolds**

Special to The Post-Star

The Marcy Conference has had its share of dynasties.

The Indian Lake boys soccer team was dominant in the early 1980's. The Wells boys basketball team has ruled for years.

Marcy Softball Preview

We can safely add Bolton softball to that list.

Dave St. Germain's team is far and away the favorite to claim the Marcy softball prize. Bolton has owned the Marcy for the past sev-

eral years, and took a share of the crown last year. St. Germain knows his team should be the pacesetter.

"The Marcy will be weak this year," St. Germain said. "We're hoping to win it, and we're hoping to make some noise in the section (VII) tourney as well."

Indian Lake coach John Rathbun was more direct. "Bolton's the team to beat," he said.

The race will be for second place, where Wells, Minerva, and Indian Lake will battle for honors. Minerva has a well-rounded team, but coach T. J. Thomas will have to deal with the loss of her entire infield from last year. Wells always stays in the hunt, and Indian Lake will try to improve on last year's dismal campaign with a young but talented squad.

BCS LADY EAGLES

You've come a long way since your preschool days. We have all grown and learned together over the years! We watched you carry the crown and then watched in pride as you wore it. We watched you go from Little League Baseball to Varsity Softball and from tricycles to cars. You have matured and have gone through many changes in many ways. MY OWN CHILD

I did not plant you, true.
But when the season is done,
When the alternate prayers for sun and rain are counted,
When the pain of weeding, and the pride of watching are
through
Then I shall hold you high,
A shining leaf, above the thousand seeds grown wild.
Not my planting, but by Heaven, my harvest,
MY OWN CHILD

Love,

Mom & Dad

To our son, **Scott,**

May the joy and pride you've brought to us return to you multiplied.

LIFE'S LITTLE INSTRUCTIONS:

1. Discipline yourself to save money. It's essential to success.
2. Never take action when you're angry.
3. Don't waste time grieving over past mistakes, learn from them and move on.
4. Never underestimate the power of forgiveness.
5. Use your wit to amuse, not abuse.
6. **DON'T SMOKE!!!**
7. Pray not for things but for wisdom and courage.
8. Choose your life's mate carefully, from this one decision will come ninety percent of all happiness or misery.
9. Listen to your children.
10. Attend class reunions.

We've accomplished so much, in so little time
 There isn't a mountain, that we couldn't climb!
 (the memories, the laughter, looking for tomorrow,
 the striving for happiness without any sorrow)

Jennifer,

I never imagined feeling this strongly for any woman. But you have allowed me to grow as a person, and to never give up! My feelings for you can only get stronger. Each time we see each other it feels as if we're falling in love again. You heart is constantly growing with the love that you shower the earth with! I've never come across anyone so caring, sweet, giving, loving, beautiful or brilliant. You really are a perfection among society. I wish you the very best of luck and I see no limitations in your future! Follow your dreams and they will be yours, your future will have nothing but satisfying accomplishments in it. If for some reason you face a struggle, I'll be with you to conquer it. I'll see you in OUR future!

I LOVE YOU,
 PRINCESS!

Congratulations **Jen**
