# Dedications

The Class of 2000 would like to dedicate this book to the teachers who have meant so much to us over the years.

We would like to begin by dedicating this book to our class advisor Mr. Donahue. Thank you so much for your support. You have been a wonderful advisor. Thanks for sticking with us through it all. Go Cupcake!

We would like to thank Mr. and Mrs. Gaddy for always believing in the students of BCS. Through the years, they have offered us their trust, love and guidance in so many situations. The opportunities that they offer the students are greatly appreciated. Thank you so much.

We would like to thank Ms. Denne for always being there for us. Whether it was a school dance or a heart-to-heart, she has never let us down.

We'd like to thank Mr. Roberts ( a.k.a. "Big Guy"). Thanks for being you. The most eclectic teacher that we have ever encountered! Through a unanimous vote, we agreed that Mr. Roberts has "Perfect!" the art of teaching, and the "Big Time Prime Time Hurt Dance!"

We would like to thank Ms. O'Connor for putting up with us for five consecutive years of math and the endless supply of brownies and rice crispy treats. Thank you so much.

Last but certainly not least, we would like to thank Mrs. Bentley and Mr. Leone for devoting so many hours to the production of this yearbook. Thank you so much. We couldn't have done this without you.

Jeremy,

You are growing up to be an incredible young man. You are very unique and special and we know that your talents will give you many paths to choose from in the future. We want you to have a life of happiness. In order for you to have this you must have many interests and pursue them. You must have many goals and work towards them. You must like what you are doing. You must consider yourself a success by being proud of doing your best. You must have fun every day. You must listen to your own voice and not be influenced by others. You must have peace and not always expect perfection. You must have respect for yourself and others. As we watch you grow up we can see you are on the right path and we are so proud of you and all that you have accomplished. You are meant to be whatever you dream of becoming and we will always care about you and your happiness.

We love you.  
Dad & Mom

Dear Jeremy,  
 As a little boy you always dreamed of becoming a fireman.  
 That dream is now a reality, and also a family tradition. Congratulations!  
 You have always worked hard, both in school and out of school.  
 Keep following your dreams and you will succeed.  
 Work hard, keep busy, save money, and learn to be independent.  
 We wish you and your classmates all of the best.

Much Love,  
 Gram and Bump
